HOW TO CROCHET STYLE

1 To lie on crochet braid natural, braid your hair into cornrows.

2 Slide the latch hook underneath the braid and loop the even-fold hair onto the hook.

3 Close the latch and slide the hair back underneath the braid.

4 Take two fingers to open at the loop and feed the end of the hair through the hole.

5 Now twist the loop and feed the ends in the loop once again.

6 Pull and secure to make tight tie onto braids.

7 Keep the knots next to one another and repeat these steps until the full head complete to the desired volume.
